As I began our art class, we had a wonderful turnout of 25 participants. One individual, who wanted to try something different, created a beautiful heart. Upon finishing, he gifted it to me as a gesture of gratitude for my work with The Recovery Center program. I was deeply moved and humbled; it served as a confirmation of why I do this work—it is all about the heart (the people). I have taken this drawing, which I now call The Heart of Love, home with me. ❤️

This is never about me, but yet it's always about someone else. ❤️ Thank you Iron Bridge Recovery Center for all you do. ❤️
